

Summer French Program for Students in Grades 9 and 10

Objective of Program

The main objective of the summer program is to give students the opportunity to strengthen their French language and expand their understanding of French culture by being immersed in a French learning environment.

Duration: Approximately 4 weeks (July 1st - 27th 2018)

Location: Université de Moncton

Deadline for Application: March 2nd 2018

Overview of Program

The summer program focuses on developing students' language skills in the areas of speaking, listening, reading and writing. Students are organized in learning groups based on their language proficiency; an assessment is administered on the first day of the program. The goal is to keep class sizes small (15 to 20 students) and homogeneous with respect to language proficiency. Students participate in a variety of learning experiences, such as oral exercises, debates, discussions as well as educational and cultural activities to improve their oral language skills. Most required instructional materials are provided (a list of required materials will be included in the information package). The teachers are experienced in creating a positive and engaging learning environment.

Classroom activities are complemented by cultural and social activities. These allow students to strengthen their language skills in relevant and practical situations. The communicative approach which promotes the integration of all four language skills (i.e., listening, speaking, reading and writing) is also reflected in these experiences.

A team of monitors also work with the students during the program. These individuals are chosen because of their expertise as strong communicators and facilitators. Most of the monitors are post-secondary students and are familiar with the Université de Moncton facilities. During the academic year, the monitors are involved in extra-academic campus activities (e.g., varsity sports, radio campus, student council, and coaching). The monitors are all highly skilled and the activities for which they are responsible are well planned and executed with the overall safety, linguistic and social development of the students in mind. Activities are geared towards the reinforcement of the French language and culture.

Campus staff offers full support to students who are immersed in the French language and culture. The goal is to make the students' stay at the Université de Moncton an enjoyable and memorable experience.

Lodging

Students live in residence during the 4-week program at the Université de Moncton. Students are assigned rooms by gender (male, female, non-binary). Students will share a studio for the duration of the program. To encourage the opportunity to meet new people, we will not be accepting requests to share a studio with a specific student (please refer to residence rules in the junior information package).

Eligibility

A total of 100 students who have completed Grade 9 or 10 by June 2018 will be chosen to participate in this program. The distribution of seats is determined on a per capita basis for each school district. In support of the provincial goal for second language proficiency, 60% of the seats are reserved for students in Post-Intensive and 40% for French Immersion students.

Process of Application and Selection

- Application form is completed by the student and parents/guardians before March 2nd 2018
- The completed application form is signed by the French teacher
- The teacher sends all the application forms to the district French second language (FSL) coordinator
- The district FSL coordinator reviews the applications received from the schools and forwards successful applicants to Julie McAllister at the Department of Education and Early Childhood Development (EECD) by March 23rd 2018
- First-time applicants are given provincial priority. Names can be submitted to be placed on a provincial waiting list. For further details, please contact the school district FSL coordinator.

If a student is selected to participate in the program and for some reason is unable to attend, he or she should notify **Julie McAllister** or **Lisa Chase** as soon as possible (see contact information below). This allows a student on the waiting list to participate in the program.

Funding for the Program

The Department of Education and Early Childhood Development funds the program. Funding covers the cost of the tuition, a room, and meals in residence, excursions and required instructional materials. **As the overall cost per student is significant, there is an expectation that students will participate fully and remain for the full duration of the program.** Parents/guardians should be sensitive to their child's readiness to be away from home for this length of time.

Student and Parents/Guardians' Responsibilities: Travel to and from Moncton, spending money, and the \$100 deposit

Please note that there is a new process for the \$100 deposit: Once the student is accepted into the program, a letter of acceptance will be sent including the instructions to complete the deposit (options for the deposit: cheque, money order or online). The deposit will be reimbursed when the keys and laundry card will be returned.

Parent's/Legal Guardian's Authorization

I understand the financial investment for a seat in this program and **the importance of completing the entire session.** My child is willing to participate fully in the Summer French Program from July 1st to 27th 2018. I have discussed proper conduct with my child as well as the importance of speaking French at all times. We understand that inappropriate behavior or repeated use of English will be a breach of conduct and could mean being asked to leave the program. Should this situation arise, I understand I will be informed and be responsible for return transportation arrangements and incurred costs. Detailed behavioral expectations will be provided to students who are accepted to the program.

I authorize my child, _____ to participate in the full activities of the Summer French Program. In the event that my child is involved in an accident or becomes ill, I agree, that having taken the necessary precautions, the Université de Moncton, the Province of New Brunswick and its employees shall not be held responsible. This would also apply to the loss of or damage to his/her personal property.

In the event of an accident or illness, I understand that the Université de Moncton will phone me or one of the contacts provided on the registration form. If none of us can be reached, I hereby give permission to the Université de Moncton to authorize, on my behalf, all procedures, including admission to hospital and necessary treatment therein, as may be deemed essential for the care and well-being of my child.

IT IS MANDATORY THAT THIS FORM BE SIGNED BY THE PARENT / GUARDIAN OF THE PARTICIPANT
